End Poverty for All

Caritas Sustainable Development Goal - to end poverty in all its forms everywhere

20 November – World Children’s Day

US DHM Contemplation in Action

“The rules of the Society of the Heart of Mary do not merely forbid us to use temporal goods as though they belong to us, but they command us to use them as things consecrated to the Lord, and this has much greater significance.”

Adelaide de Cicé, Address for the Eve of Renovations. Society of the Daughters of the Heart of Mary. John Joyce SJ, Trans. 1962, “Marie Adelaide de Cicé: A Heroine of the French Revolution,” p. 246.

Suggested Actions

Be grateful. Learn and teach an attitude of gratitude and a habit of generosity. Discern how you may contribute to the eradication of poverty by learning how to deepen your gratitude and joining with others to teach generosity, especially to the next generation.

Resource: Some Common Forms of Poverty

- 1. Absolute Poverty** --Also known as extreme poverty and involves the scarcity of basic food, clean water, health, shelter, education and information.
- 2. Social Poverty**--Social poverty includes people groups that are undervalued and have few rights. Oftentimes, social poverty is easiest to spot when we look for people who have been silenced-they have no say and their rights are minimized. They are often oppressed and thought of as insignificant.
- 3. Educational Poverty**--Hundreds of millions of children lack education and that creates a lack of options. Education equals knowledge, skills, and training, so when education is not available, families get trapped in the cycle of poverty for generations. Steady employment and income can be difficult to find, and a person's basic needs can't be met. Lack of education also makes children more vulnerable to exploitation or abuse.
- 4. Health Poverty**--Physical and emotional health is the basis for our ability to work, play and be in relationship with others. "Health poverty" may sound strange, but when a person is unhealthy it is difficult to hold down a job and develop positive relationships.

Resource: Some Common Forms of Poverty (Cont'd)

5. **Spiritual Poverty**--Spiritual poverty can be summed up by the word "hopelessness." Oftentimes, people in poverty struggle with feelings of worthlessness and despair. Children are especially vulnerable to these emotions and the message of despair poverty sends.

6. **Environmental Poverty**--Physical surroundings play a large role in a person's wellbeing. Environmental factors include climate, housing options, land availability, water supply, insects that carry disease, water-borne illnesses, weather, and drought.

7. **Economic Poverty**--Half the world lives with a household income of less than \$2.50 a day. This level of poverty is the equal of slavery. People need an income level which allows them to purchase what they cannot make or grow.
